

EXHIBIT G**AFFIDAVIT**

My name is Donald Triplett, I am housed at South Central Correction Center, Licking, Missouri. My DOC # is 1086723.

In 2005 I was housed in 4 house at S.C.C.C. In the same house was Romanze Mosby, a guy I have known for many years as we both were from Sikeston, Missouri and grew up there.

In 2005 at some point, Romanze seemed to change. He cut off his long hair, and became very skinny, and depressed. Romanze and I would see each other just about every day at reck time.

One day while at reck, Romanze said he had a visit with an investigator. This investigator wanted him to confess to killing a white gal in Sikeston. He said he told him he didn't know what he was talking about. At a reck periods a few weeks later, Romanze told me that he had actually told the investigator that he had accidentally shot the lady, that she was wanting drugs and the whole thin g turned into a drug deal gone wrong, and now David Robinson is doing the time for what he had done. All the while Romanze was telling me this, it was as if he needed to get it off his chest.

David Robinson is also from Sikeston, however, he and I never ran together as he is older and ran with a different crowd. I ran into David one day here in S.C.C.C. He and I are housed in the same house only on different sides. We don't get together very often, but one day David asked if I knew anything about Roamanze shooting the lady. That is when I told him that Romanze had told me that he was the one that shot her and that David was doing the time for it. David told me he'd have someone contact me and interview me. David asked me why I hadn't come forward before now. I told him I thought he been cleared as Romanze had confessed. Besides, it was none of my business.

Even though Romanze has gone an hung himself up in Algoa. I don't want to harm him none. But the facts are the facts, and if I didn't feel that Romanze was telling me the truth I wouldn't be saying this now.
